Report
(Condensed)
2012-13**

“PROJECT JAGRITI”

School-Based Cancer/Hepatitis-B/AIDS/Girl Child/Rights of Women Awareness Programmes

‘Care Promise Welfare Society’ is dedicated to help one and all. We do awareness programmes in schools and communities by holding morning lectures and interactive sessions with students and teachers using various types of communication material. Information is given in a very clear and simple language.

This year our society has covered 137 Nos. of Schools involving more than 1.68 Lakhs No. of Students (Approx).

Special Orientation Programmes on dreadful diseases/importance of Girl Child/Rights of Women for School Teachers

'Care Promise Welfare Society' also holds special orientation programmes on the above topics for school teachers.

This year we have trained more than 5000 teachers in various schools of India.

“PROJECT NARI SWABHIMAN”

Social Awareness Programme/Atrocities on Women/Mahila Panchayat

*Women throughout the world suffer from all types of negligence, violence and exploitation. Lack of legal awareness among women is one of the main factors behind this. Our NGO decided to take steps in this direction by visiting houses in the near- by village Garhi, East of Kailash, New Delhi and collect information from ladies in connection with the various kinds of Atrocities (like physical and Mental harassment, Matrimonial discord, divorce & desertion etc.) being faced by them **under** “PROJECT NARI SWABHIMAN”.*

*The Society collected data pertaining to more than 200 houses **Out of this, 15 Women were helped financially to overcome their immediate crises.***

These women now feel more aware, confident and organized to fight against all types of exploitation.

“PROJECT SWASTH- BHARAT”

Free Health Check-up Camps

In our Indian Society Set-up, people do not feel the need of visiting hospitals unless there is a compulsion from health point of view.

Keeping the above reason in mind, our NGO keep on visiting different areas of Delhi/ NCR to conduct free health check-up camps under “Project Swasth Bharat” to identify those persons who need a thorough medical check-up.

This year we conducted 60 health check-up camps at various locations directly benefiting more than 12000 Males and Females.

We have a team of dedicated doctors available at short notice & for delivering educative lectures on such subjects & for health camps etc.

Some of the locations where we have conducted health check-up camps this year are as follows:-

- a) J.J. Colony Madi pur, Delhi b) Railway Colony South, Shakurbasti, Delhi**
c) Village SamayPur, Rohini, Delhi d) Nangla Gujran, Faridabad, (Haryana)

- e) Gali No-6, 30 Ft road, Karawal Ngr, Del f) Near Begumpur, Rohini, Delhi**
g) Sainik Colony, Faridabad,(Haryana) h) Vashisth Park, Sagar Pur, Delhi
i) Khera Khurd, Rohini, Delhi j) Gali No-15, 30 Ft Road, Karawal Ngr,
k) Near Govt. School Meetha Pur, Badarpur, Delhi.....and many more.

“PROJECT SAHARA”

Monetary help to Cancer patients

Most of the patients are in dire need of finances because of the prohibited cost of Cancer treating medicines/medical tests/Chemotherapy etc.

We try to help to the maximum possible depending upon the donations received by our NGO for such poor patients.

This year we have helped more than 65 Cancer patients with Rs. 19.26 Lakhs which is an increase of almost 200% over the previous year.

List of patients can be supplied on demand. Alternatively please visit our website www.carepromise.org

“PROJECT SHIKSHIT BACHPAN”

we have started concentrating on those poor and bright students whose at least one of the parents has died of Cancer/ AIDS.

We are getting such cases forwarded and certified by school Principals.

The Society finances their Annual tuition fee, books and the cost of uniforms.

At present we have 12 students on our list.

Cancer Awareness through Street Plays

'Care Promise Welfare Society' holds street plays on cancer/AIDS in schools as well as open communities from time to time. The play is viewer friendly, effective. It promotes the view that cancer does not discriminate and can be conquered.

This year we have conducted 25 nos of Nukkad Naatak/ Stage plays benefiting more than 27500 School children and adults.

Save the Girl Child Programme (PC & PNDT ACT, 1994)

While the world is using the latest diagnostic technology for the benefit of the mankind, vested social community in India is totally misusing this technology for their personal gains not realizing the dreadful consequences it is leading us in to.

Care Promise Welfare Society spread awareness in the schools, J J Colonies, Slums, RWA and Villages time to time through street plays, Nukkad-Nataks & counseling by our female staff on regular basis. The organization also distributes the leaflets to aware the youth and improvement in the birth rate of girl child.

We conducted a total of 10 nos. of street plays/ Nukkad Nataks to make the people aware about this problem as per PC & PNDT ACT, 1994.

This has resulted in to direct benefit to around 5000 persons.
